South Texas ISD  
*Battle of the Books*  
Rules and Regulations

**Eligibility**

- The South Texas ISD *Battle of the Books* competition is open to all STISD schools.
- Students in grades 7-12 may participate in the competition. Team members must attend the same STISD campus. Team selection is at the discretion of the sponsor.
- A team is comprised of three students and one alternate. An alternate member is optional.
- Campus level competitions will be held for each STISD campus to determine which team will advance to the district level competition.
- Additional students from the school are welcome to observe if space permits.

**Battle of the Books Reading List**

- The official list of books to be read will be posted on all the district library websites and also will be distributed to sponsors by district library staff.
- The list of 12 books is based on state and national notable book lists as well as recommendations from district librarians.

**Procedures**

- Campus Competition Round One consists of a timed 20 question written test. Team members will work on the written test together. The four teams with the highest score on the written test will advance to Round Two of the Campus Competition. In the event of a tie, the team with the fewest spelling mistakes on their written test will advance to the Campus Competition Round Two.
- Campus Competition Round Two consists of 20 questions answered orally by team members, and will be a face-to-face competition.
  - The second, third and fourth place teams will compete against each other at the same time. The winner of this match will compete against the team that placed first in Round One.
  - Questions/statements will be read by an announcer one time only.
  - Each question will be addressed to both teams at the same time.
  - Questions may address book characters, story lines, settings, and other important information from the book. For some books, physical, visual or audio clues are also possible. An audio clue might be a sound clip of a song, and teams would have to identify the book the song came from. A physical clue might be an object that played an important role in the plot of the book.
  - The team that buzzes in first will be given the opportunity to answer. One point will be awarded to the team for a correct answer. If the team answers incorrectly, the other team will be given the opportunity to answer the question.
  - If a team buzzes in before the question is read in its entirety, the announcer will stop reading the question and the team must answer. If the team answers incorrectly, the question will be reread in its entirety and addressed only to the opposing team.

- Team members who buzz in must answer the question immediately. Any attempt to delay in answering will result in forfeiture of the question and the opposing team will be given the opportunity to answer.
- Team members are not allowed to re-state the entire question first before answering.
- Team members cannot correct, override, or assist their teammate who is answering the question.
- A panel of three STISD staff members will serve as scorekeepers and also act as judges for any answer that may not exactly match the correct answer provided.
- In the case of a tie at the end of Campus Competition Round Two, a 'sudden death' round of additional questions will be asked until only one team remains.
- The winning team from the Campus Competition Round Two will advance to the District Competition.
- The District Competition will consist of five rounds of competitions with 12 questions each to allow each team to compete against all other teams. The team with the most points at the end of all five rounds will be the district champion.
- In the case of a tie at the end of the District Competition, a 'sudden death' round of additional questions will be asked until only one team remains.
- Alternates:
  - Teams can substitute members up until Round Two (even if they didn't list an alternate on registration form).
  - After Round Two no substitutions are allowed.
  - If teams use a substitute/alternate in Round Two, that substitute/alternate must compete in Round Three. If a team wants their original member to be able to compete in Round Three, they can elect to compete in Round Two with just two team members.

### **Judges/Scorekeepers**

- A panel of three STISD staff members will serve as judges and scorekeepers.
- Judges will arbitrate questions about answers and ties.
- Judges may penalize and/or dismiss teams for inappropriate behavior such as outbursts, disrespectful behavior, or unsportsmanlike conduct.
- All judges' decisions are final.

### **Awards**

- A prize will be awarded to all students who complete the written test in Round One.
- A t-shirt will be awarded to all students who advance to Round Two.
- Certificates and medals will be awarded to all District Competition participants.
- A trophy will be awarded to the campus who wins the District Competition.
  - Individual plaques will be awarded to winning team members of the District Competition.
